EVERYTHING FOR INDUSTRY & SERVICES

## POWER, DISTRIBUTION, COMPENSATION & SPECIAL TYPE TRANSFORMER

Discovery Foreign Trade Co. can supply all the famous European, USA, Canadian, Turkish and Far East Origin Transformer according to customer requirement. Transformer calculation according to customer project can be done by our expert engineer team.

Distribution transformers from 25 kVA to 5000 kVA and power transformer from 4000 kVA to 35000 kVA with both voltage side from 3,3 kV to 36 kV. Discovery Foreign Trade Co. exports quality transformers wide range of all Middle East and African countries.

Oil filled power transformers from 4 MVA to 35 MVA with both voltage side from 3,3 kV to 36 kV, provided with off-load or on-load tap changers, with cooling methods ONAN or ONAN/ONAF.

They are produced according to customer request or contract and mentioned standards which are TS 267, IEC 60076, DIN, ANSI, BS171. Each transformer is dispatched after performing routine tests according to TS 267 and IEC 60076 standards. Also type tests and special tests according to same standards are performed at our laboratories by customer request.

**HIGH VOLTAGE AND MEDIUM VOLTAGE HIGH POWER RATED POWER & DISTRIBUTION TRANSFORMER ALREADY EXIST IN OUR SCOPE OF RANGE PLEASE DON'T HESITATE TO SEND ANY OF YOUR INQUIRY**
